The carbon revolution

In 2010 Delta Powerboats pioneered serial production of carbon fiber boats with the introduction of the all carbon Delta 54. In 2013 she was recognised as Motor Boat of the Year and to date fifteen Delta 54 have been delivered to clients in the U.S, Asia and Europe.

However already successful the 54 is constantly being refined and adapted to the most advanced technology. Her light weight hull is perfectly paired with the most modern

propulsion from Volvo Penta along with in- and outside IPS joysticks, a combination that allows for class leading fuel efficiency, range and manouverability. A Delta 54 is capable of cruising at 30 knots with a range of 500 nautical miles and beyond without refueling.

The handmade interior is characterized by Scandinavian style simplicity, uncompromising quality and carefully selected high-end materials.

Aft deck

- IPS joystick
- Retractable sun shade
- Hydraulic table
- Folding chairs

Aft deck, platform

- Hydraulic high/low platform
- Hydraulic passerelle
- Folding sofa/sunbed
- Port/starboard stowage
- Hi-Fi zone aft deck

Salon aft

- L-shaped sofa, removable bench
- Folding table
- Hi-Fi zone salon, 32" TV

Salon aft

- Siemens stove and dishwasher
- Vola by Philippe Starck blender
- Corian counter top

Salon forward

- Folding driver's chairs starboard side
- Passengers' sofa port side
- Folding table

Helm station

- Volvo Penta/Garmin Glass Cockpit System
- Volvo Penta electronic controls, IPS joystick
- Alcantara dashboard, seats and steering wheel

Owner's stateroom

- Air condition outlet and control
- Removable chairs
- Hi-Fi zone owner's cabin
- 220 V, 12 V, and USB outlets

Bathrooms

- Corian flooring in shower cabin
- Duravit by Philippe Starck basin
- Vola by Arne Jacobsen basin tap and shower handle

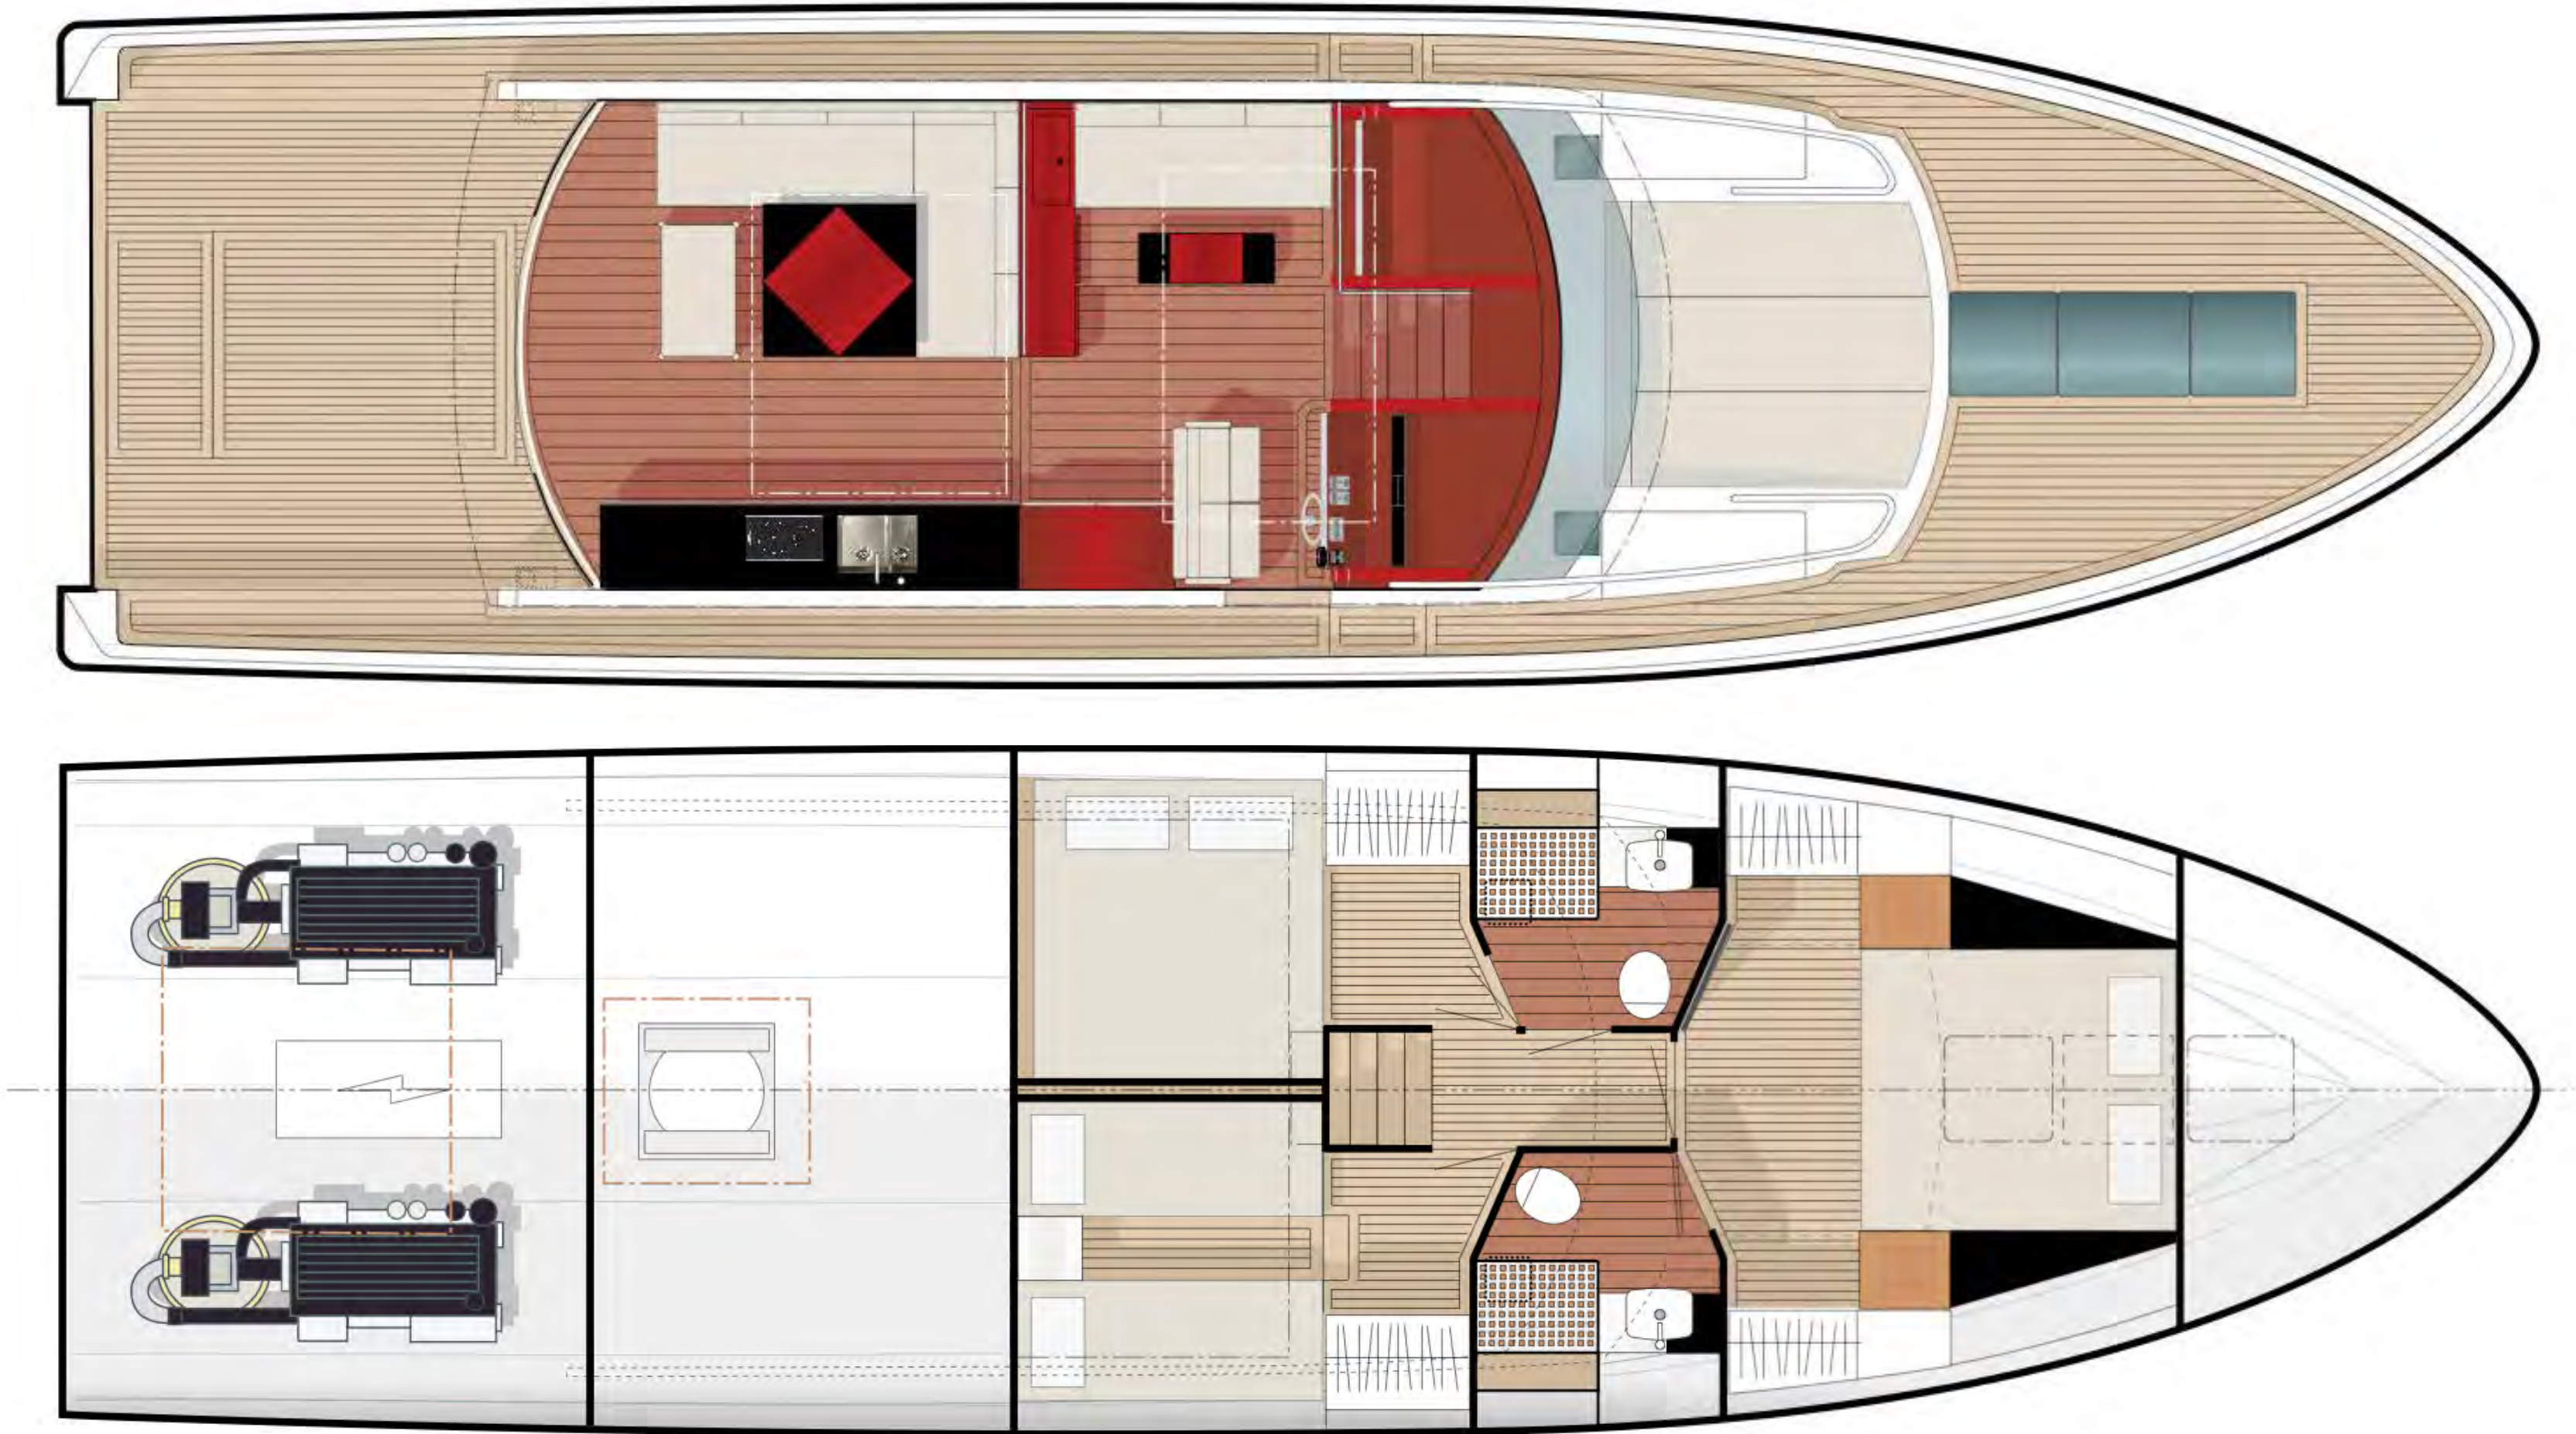

Guest staterooms

- Air condition outlet and control
- Twin or double beds (optional)
- Hi-Fi zones guest cabins
- 220 V, 12 V, and USB outlets

Technical data

LOA	18.1 m
Hull length	16.60 m
Beam	4.60 m
Depth	1.40 m
Bridge clearance	6.50 m
Displacement lightship	14,000 kg (dryweight)
Fuel capacity	2,900 litres
Fresh water	900 litres
Holding tank	270 litres
Grey water	270 litres
Engines	2 x Volvo Penta IPS 800 or 2 x IPS 600
Total engine power	1,200 hp / 870 hp
Cruising speed	15–32 knots (2 x VP IPS 800)
Top speed	35–37 knots (2 x VP IPS 800)
Design	Lars Modin
Build material	Carbon fiber
Construction	Lightcraft/Diab/Luksusjaht
Manufacturer	Luksusjaht AS
Electrical 24 V/220 V	Mastervolt
CE Class	B

Key features

- 100% carbon fiber built
- Motorboat & Yachting Motorboat of the Year winner
- Class leading fuel efficiency/range
- 19 kW generator for Miele galley equipment
- GPS anchor
- Depth sounder
- Fusion stereo 4 zones hi-fi
- Garmin/Volvo Glass Cockpit System incl. 2 x Garmin 22” MFDs
- High/low swim platform
- High performance Garmin xHD2 radar
- Joystick manouvering in 2 stations
- Lithium battery bank
- Mastervolt galvanic isolators
- Opacmare passerelle
- Seakeeper M9000 gyroscopic stabilizer
- Watermaker
- Webasto 55,000 BTU tropical aircond
- VHF AIS
- Washer
